## Parent/Student Information Packets...

Each summer we mail home a packet of information for parents and students about the beginning of the school year. This packet will include information regarding the return to school, any changes that have occurred in staffing or scheduling as well as information about supplemental student accident coverage, our districts asbestos management program, the universal complaint procedure and other important yearly information. The Parent/Student Information Packet will be mailed to you on Friday, August 13th. Please look for it in the mail early the week of August 16th.

### COVID MITIGATION FOR THE 2021/22 SCHOOL YEAR

Under the new CDPH **guidance for face coverings**, all persons indoors (students, staff, visitors) are required to mask regardless of vaccination status on K-12 school sites.

Masks are optional outdoors.

### Independent Study

Beginning in the Fall, all instruction at Sonora High School will be in-person. We understand that there are families that would prefer to have their children participate in an independent study model. Those families may choose to attend Ted Bird Independent Study High School.

If you would like more information, or would like to enroll your child in Ted Bird Independent Study High School, please contact your child's counselor.
