

School Year: **2021-22**

School Plan for Student Achievement (SPSA)

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Sonora High School	55723895536503	February 15, 2022	March 8, 2021

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Sonora High School has implemented the Sonora Union High School District's Local Control and Accountability Plan (LCAP) goals as the goals for our School Plan for Student Achievement (SPSA). By aligning the LCAP and SPSA goals this will allow us to really focus on how to allocate funds to support students success. This plan will delineate action steps and allocate funds to help Sonora High School meet the ESSA requirements and accomplish the site and district goals.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Sonora High School uses the "Thought Exchange" survey program. Thought Exchange allows for not only finite answer to questions that are posed, but also allows for open ended questions. The program then uses an artificial intelligence algorithm to synthesize usable data from open ended questions giving us a much truer view of our communities thoughts. Thought Exchange was used most recently to gather information from our parents about what means of communication they are successfully receiving and what additional communication do they need. We most recently surveyed staff and students regarding respect on campus.

During the 2020-2021 school year, freshmen and junior students from all district sites were administered the California Healthy Kids Survey. Students at Sonora High School were provided these surveys through their district-issued email address and through their social science classes. Students from the district's alternative education programs were provided these surveys through their district-issued email address and through hard, paper copies of the survey as applicable in order to provide equivocal representation of all district students.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Formal classroom observations are completed for all new teachers to the district during their first and second year. If teachers require more support, additional formal observations may be completed after the first and second year. Tenured staff are formally evaluated according to the district's established observation timeline. After teachers have obtained tenure with the district and have demonstrated proficiency on all of the identified evaluation criteria, they may opt to complete a professional learning project in lieu of the formal observation. The professional learning projects are individual in nature and are developed by the staff member with their evaluator. The professional development project is designed to help impact the curriculum of a subject, grade level, or department, or to help the staff member complete a project that will impact students at the site beyond their classroom.

Informal classroom walk-throughs are completed by site administration regularly. Site administration's goal is to visit each teacher's classroom a minimum of once every two weeks.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Meeting performance goals:

CAASPP Testing was resumed in the 2020/2021 school year after not being done for a year due to COVID-19. As seen across both our county and the state, scores decreased since the 2018/2019 testing year. Despite the decrease in scores, Sonora High School scores in English continue to be significantly higher when compared the state and county in comparison. Math scores which had previously been above the state and county, dipped below the state scores while maintaining above the local county scores.

Although the Math scores are the highest of any high school in Tuolumne, they still need to be increased. The Sonora High WASC Visiting Committee Report for Sonora High School, completed in the 2018/2019 school year noted that many students continue to struggle with mathematics and that more needs to be done to support them in this subject area. The District implemented new textbooks five years ago and changed the Basic Math Review Support Class to a Math 1 Readiness Course to better prepare struggling students for Math 1. Results of these changes will not be seen until these students take the Smarter Balanced Test in their Junior year. Traditional courses like Trigonometry and Calculus are still offered and the use of Houghton Mifflin test bank generated formative assessments are still in place. Trigonometry and Calculus are taught in a more traditional college like format in order to prepare college-bound students for the realities of college classes. A variety of teaching and checking for understanding strategies are used in all courses to ensure that students are mastering the subjects content.

The English Department has made significant progress adjusting the department's courses of study to match the Common Core Standards and the previously developed curriculum framework at the site. While the scope and sequence of the English courses have changed, adjustment in the other core courses where there are English standards embedded in those courses have been slow to adopt these changes. Common formative and summative assessments across these curricula are under development. The analysis of the results will indicate areas where re-teaching is necessary for students and professional development for staff is needed.

While the assessments are in place the department is working on using this data to drive instruction. Teachers meet together to read the writing samples to norm their expectations. Students rewrite the assignment after teacher feedback.

All other departments use teacher or textbook derived assessments that are not commonly given by the entire department across the courses. Instruction driving assessments in these departments are not normed but do occur in individual classrooms.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Meeting performance goals.

As all Standardized testing was postponed last spring we will continue to use test data from the previous years testing.

In the fall of 2021, all students were given the STAR assessment in math and reading. Students who were identified as significantly below grade level were assigned to an intervention program to address their learning needs.

The English Department also administers a common grade-level writing assignment at each grade-level one time per year and administer a quarterly common assessment. The department will be working on developing common assessment rubrics and working together to calibrate those rubrics.

Common summative assessments are in place in the English and Math Departments, and Departments where multiple teachers teach at each grade-level. Other departments are working to create the common assessment that can be used to establish department instructional norms and then used to drive instruction. Though this has proven to be more difficult where individual teachers solely teach a particular subject or class.

All other departments use teacher or textbook derived assessments that are not commonly given by the department. Instruction driving assessments in these departments are not normed but do occur in individual classrooms.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Meeting performance goals.

All teachers are assigned with the appropriate credential. All classes are taught by a highly qualified teacher or are seeking credentialing in a program that will qualify them to be highly qualified once complete.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Meeting performance goals.

All AP teachers are invited to attend the College Board Approved AP Summer Institutes.

All first and second year teachers are enrolled in New Teacher Induction and Support Programs coordinated through the Tuolumne County Superintendent of Schools and the Stanislaus County Office of Education.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Meeting performance goals.

During the COVID-19 Pandemic, most of our staff development was surrounding training on how to effectively deliver virtual lessons and conduct distance and hybrid learning. We previously had structured professional development for the 2020/2021 year to address the areas of need identified in the WASC Self-Study completed during the 2018/2019 year and will continue to implement that action plan as we move forward with the remainder of the 2021/2022 school year. The staff will also be developing a shared vision for our school through a process of strategic planning that our district will begin to go through in April 2022. Much of the professional development time will take place on Wednesday mornings or after class has dismissed in the afternoon.

In February 2022 and March 2022, both the CTE department and the Social Studies department are going to subject specific multi day trainings.

Current expressed professional development needs for the site include Instructional Practices to support student engagement, Instructional Practices to support English Language Learners, and further technological support to increase participation and collaboration in the classroom.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Meeting performance goals.

Instructional assistance and support are supervised by the Associate Principal as well as the site Principal. The Associate Principal along with the Principal and the District Instructional Technology staff facilitate professional development sessions on Wednesdays and on individual as needed basis. Department Chairs also help support this process through their monthly department meetings. In addition to the department and all-staff meetings, the school has developed a network of teacher communities within the school where sharing of strategies and resources are completed on both a formal and informal basis throughout the year. The Tuolumne Superintendent of Schools Office also provides professional development and technical support to assist our teachers.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Meeting performance goals.

Sonora High School has a late start every Wednesday. School begins at 9:15 a.m. instead of 8:05 a.m. This time is spent on staff meetings and department meetings. Each department meets regularly to review and plan curriculum, lessons, assignments, and formative and summative assessments, discuss best practices, and work on vertical and horizontal planning.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Meeting performance goals.

English and Math have aligned their curriculum with the new Common Core Standards. The Science, Social Science, and World Language Departments are working to link their curriculum to support the Common Core Math and English standards. All new textbooks and other materials are recommended by departments or teachers, presented and approved by the School Site Council, approved by the Principal, and approved by the School Board before purchasing.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

This section is not applicable to High School.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Meeting performance goals.

Incoming 9th grade students whose mathematics placement test scores are below grade level and who are recommended by their previous math teacher are enrolled in a Math 1 Readiness course that reviews concepts that prepare them to take Math 1 the next year. Students who are not successful in Math 1 are often placed in the Intervention Math 1 course which is designed to reinforce key learning skills in Math 1 in a hands-on and richly supported math learning environment. The class follows a common scope and sequence of the Math 1 class but progresses at a slower pace.

English Language Arts students who are deficient by two or more grade levels are enrolled in a general English class. This class uses the same curriculum as our college prep class. The classes employ differentiated instructional strategies to meet the needs of all students in the class.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Meeting performance goals.

All courses have sufficient adopted materials that are aligned to their respective content standards. Each student has been issued a chromebook.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Meeting performance goals.

All courses have sufficient adopted materials that are aligned to their respective content standards, including intervention materials where needed. All students have access to and are enrolled in standards-aligned courses consistent with their individual needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Meeting performance goals.

In addition to in-class support, teachers are available to meet with students after school to provide additional instruction, tutorials and remediation based on individual needs.

Evidence-based educational practices to raise student achievement

Meeting performance goals.

Departments share and promote current best practice instructions as a part of their department meetings.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Meeting performance goals.

In addition to the intervention courses in the master schedule, Sonora High School has in the past offered tutorial support in mathematics in the library after school two days per week. Because of COVID-19 and the need to address learning loss for all students, at the beginning of the 2021/2022 school year, a new schedule was implemented that included a 44 minute flex period every day but Wednesday. During this time, all teachers have a flex period in which they offer instructional support or enrichment. Students are either selected by a teacher or self select what class/teacher's flex period they attend. This has opened up support for all students, without them having to miss their lunch, or maneuver the challenge of staying after school.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Meeting performance goals.

The Sonora High School Site Council is comprised of two students, three parents, two classroom teachers, a classified representative, and the Principal. This body reviews student achievement data and presents information from their respective groups for consideration in creating the school action plan goals. Budget allocations for the programs are made by the Site Council within the action plan. The school annually reviews and updates our Parent Engagement Policy.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Meeting performance goals.

Paraprofessional Aides are in many core classes to assist students who are under performing or struggling with the curriculum. The Math 1 Readiness class is designed for freshmen who are under performing and not yet ready for Math 1. We have removed the previously implemented intervention courses, but have retained a section specific to math for students under performing in math and other technical subjects.

Fiscal support (EPC)

Meeting performance goals.

Funds are used from Title 1 and EIA to provide professional development for staff, materials for classes, and support classes for underperforming students. Allocation of fiscal resources are aligned with the School Plan for Student Achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Sonora High School Site Council (SSC) meets on the third Tuesday of most months to discuss site issues, the School Plan for Student Achievement, the District Local Control Accountability Plan, the adoption of textbooks, the introduction of new courses of study, the WASC Self-Study documentation, and various other school initiatives and projects. Staff members, parents, students, and other members of the public who are not a part of the SSC are welcome and invited to attend. The SSC meetings are posted on the school calendar, and the SSC meetings along with the agenda are advertised in the weekly publication of the "Wildcat Weekly" to encourage other interested parties to attend the SSC meetings.

The Sonora High School Site Council will meet on the following dates to discuss school improvement and the School Plan for Student Achievement:

- Tuesday, September 21, 2021

- Tuesday, October 19, 2021
- Tuesday, November 16, 2021
- Tuesday, December 14, 2021
- Tuesday, January 18, 2022
- Tuesday, February 15, 2022
- Tuesday, March 15, 2022
- Tuesday, April 19, 2022
- Tuesday, May 17, 2022

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

None currently identified

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	18-19	19-20	20-21	18-19	19-20	20-21
American Indian	0.63%	1.14%	1.0%	6	11	9
African American	0.84%	0.31%	0.2%	8	3	2
Asian	1.46%	1.66%	1.2%	14	16	11
Filipino	1.36%	1.25%	1.9%	13	12	17
Hispanic/Latino	19.23%	18.94%	20.2%	184	182	182
Pacific Islander	0.1%	0.21%	0.4%	1	2	4
White	70.95%	71.8%	69.9%	679	690	631
Multiple/No Response	5.02%	0.52%	4.7%	48	40	42
Total Enrollment				957	961	903

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	18-19	19-20	20-21
Grade 9	250	280	289
Grade 10	279	246	233
Grade 11	210	235	194
Grade 12	218	200	187
Total Enrollment	957	961	903

Conclusions based on this data:

1. According to this data, where we had previously identified that the trend of declining enrollment has stabilized and we are growing slightly each year, since the COVID-19 pandemic, our enrollment has dropped in the 2021/2022 school year. Most of the decline can be attributed to the necessity of offering an independent study option to any student who requests it. Where our district normally has an enrollment of approximately 50-60 independent study students, this year the enrollment is 120 students and growing each week, which has effected our total enrollment.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	18-19	19-20	20-21	18-19	19-20	20-21
English Learners	23	21	31	2.4%	2.2%	3.4%
Fluent English Proficient (FEP)	59	50	42	6.2%	5.2%	4.7%
Reclassified Fluent English Proficient (RFEP)	0	3	2	0.0%	13.0%	9.5%

Conclusions based on this data:

1. A dramatic increase in the number of identified EL students has been experienced.
2. With the increase of students, it is concerning that our number of FEP and RFEP has not increased. The number of students who are considered LTEL's is an additional concern.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with			% of Enrolled Students		
	17-18	18-19	20-21	17-18	18-19	20-21	17-18	18-19	20-21	17-18	18-19	20-21
Grade 11	227	191	172	224	186	155	224	186	155	98.7	97.4	90.1
All Grades	227	191	172	224	186	155	224	186	155	98.7	97.4	90.1

All Grades	42.53	54.30	26.62	42.99	37.10	58.44	14.48	8.60	14.94

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Listening Demonstrating effective communication skills									
Grade Level	% Above Standard			% At or Near Standard			% Below Standard		
	17-18	18-19	20-21	17-18	18-19	20-21	17-18	18-19	20-21
Grade 11	36.04	31.18	18.18	59.91	59.68	72.08	4.05	9.14	9.74
All Grades	36.04	31.18	18.18	59.91	59.68	72.08	4.05	9.14	9.74

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Research/Inquiry Investigating, analyzing, and presenting information									
Grade Level	% Above Standard			% At or Near Standard			% Below Standard		
	17-18	18-19	20-21	17-18	18-19	20-21	17-18	18-19	20-21
Grade 11	41.89	44.62	27.92	50.00	42.47	67.53	8.11	12.90	4.55
All Grades	41.89	44.62	27.92	50.00	42.47	67.53	8.11	12.90	4.55

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. Performance scores have steadily increased since the baseline test given in April of 2015 until they plateaued during the 2018/2019 year.
2. Due to the COVID-19 Pandemic and distance/hybrid learning, the decrease in scores was not surprising, however still concerning. In addition, distance learning also effected the percentage of students who were tested. While typically 97 to 98 percent of our students complete the testing, in the 2019/2020 testing cycle, significantly less students completed the testing.
3. While our students are continuing to be above both the state and county in comparison, developing interventions earlier for our students in the standard not met and standard nearly met category will be essential to continue our students growth.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

Grade 11	18.39	24.06	14.74	55.16	48.13	69.87	26.46	27.81	15.38
All Grades	18.39	24.06	14.74	55.16	48.13	69.87	26.46	27.81	15.38

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. Due to the COVID-19 Pandemic and distance/hybrid learning, the decrease in scores was not surprising, however still concerning. In addition, distance learning also effected the percentage of students who were tested. While typically 97 to 98 percent of our students complete the testing, in the 2019/2020 testing cycle, significantly less students completed the testing.
2. The interventions put into place will help the 11th grade level.
3. The increase in number of students scoring in the standard not met and the standard nearly met category is concerning and needs to be the focus of our intervention moving forward.

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. It is concerning the percentage of students who are still performing at the beginning level.

School and Student Performance Data

Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
903	34.0	3.4	1.0
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	31	3.4
Foster Youth	9	1.0
Homeless	8	0.9
Socioeconomically Disadvantaged	307	34.0
Students with Disabilities	126	14.0

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	0.2
American Indian or Alaska Native	9	1.0
Asian	11	1.2
Filipino	17	1.9
Hispanic	182	20.2
Two or More Races	42	4.7
Native Hawaiian or Pacific Islander	4	0.4
White	631	69.9

Conclusions based on this data:

1. Our Hispanic and Socioeconomically Disadvantaged populations continue to grow.

2. Our percentage of Students with Disabilities is higher than average.

3. Our English Language Learner population continues to grow.

School and Student Performance Data

Overall Performance

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

2019 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Green	Graduation Rate  Blue	Suspension Rate  Red
Mathematics  Green		
College/Career  Orange		

Conclusions based on this data:

1. The graduation rate has been historically high. Data shows that this trend continues at the site.
2. Suspension rate is moderate though investigation needs to be completed regarding the elevated subgroups.
3. We will examine all aspects of College and Career readiness to find the best possible way to assist more of our students meeting this goal.

School and Student Performance Data

Academic Performance English Language Arts

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

This section provides number of student groups in each color.

This section provides a view of Student Assessment Results and other aspects of this school's performance, specifically how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on the Smarter Balanced Summative Assessment, which is taken annually by students in grades 3–8 and grade 11.

2019 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p> Green 71.3 points above standard Increased ++11.9 points 178	<p>English Learners</p> No Performance Color Less than 11 Students - Data Not Displayed for Privacy 3	<p>Foster Youth</p> No Performance Color Less than 11 Students - Data Not Displayed for Privacy 1
<p>Homeless</p> No Performance Color Less than 11 Students - Data Not Displayed for Privacy 4	<p>Socioeconomically Disadvantaged</p> Green 36.7 points above standard Maintained ++1.6 points 65	<p>Students with Disabilities</p> No Performance Color 91.3 points below standard Declined Significantly -20.4 points 16

2019 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color Less than 11 Students - Data Not Displayed for Privacy 2	 No Performance Color 0 Students	 No Performance Color Less than 11 Students - Data Not Displayed for Privacy 3	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Blue 58 points above standard Increased Significantly ++15.8 points 33	 No Performance Color Less than 11 Students - Data Not Displayed for Privacy 4	 No Performance Color 0 Students	 Green 72.1 points above standard Increased ++4.4 points 136

This section provides a view of Student Assessment Results and other aspects of this school’s performance, specifically how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on the Smarter Balanced Summative Assessment, which is taken annually by students in grades 3–8 and grade 11.

2019 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
Less than 11 Students - Data Not Displayed for Privacy 1	Less than 11 Students - Data Not Displayed for Privacy 2	70.5 points above standard Increased ++5.8 points 163

Conclusions based on this data:

1. With the suspension of testing in the 2020/2021 school year, there is no additional data to review since the 2019 dashboard update.
2. Even though it is not a significant sub-group our Special Education Department is working, with assistance from the Tuolumne County Superintendent of Schools, to address our Students with Disabilities performance.

School and Student Performance Data

Academic Performance Mathematics

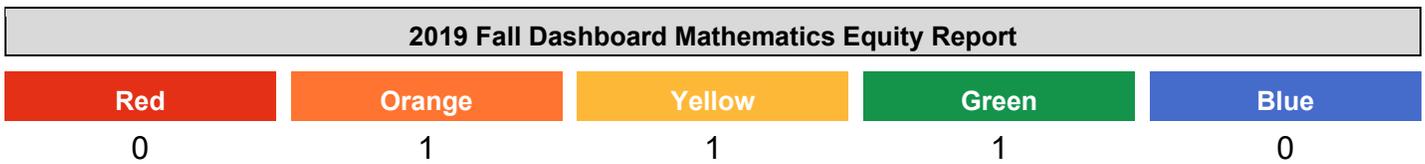

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

2019 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color Less than 11 Students - Data Not Displayed for Privacy 2		 No Performance Color Less than 11 Students - Data Not Displayed for Privacy 3	
Hispanic	Two or More Races	Pacific Islander	White
 Green 53.2 points below standard Increased ++7.3 points 33	 No Performance Color Less than 11 Students - Data Not Displayed for Privacy 4		 Yellow 33.9 points below standard Maintained ++2.3 points 136

This section provides a view of Student Assessment Results and other aspects of this school's performance, specifically how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance on the Smarter Balanced Summative Assessment, which is taken annually by students in grades 3–8 and grade 11.

2019 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
Less than 11 Students - Data Not Displayed for Privacy 1	Less than 11 Students - Data Not Displayed for Privacy 2	37.9 points below standard Increased ++4.7 points 163

Conclusions based on this data:

1. With the suspension of testing in the spring of 2020, there is no additional data since the 2019 dashboard to review.
2. Even though it is not a significant sub-group our Special Education department is working with assistance from the TCSOS to address our Students with Disabilities performance.

School and Student Performance Data

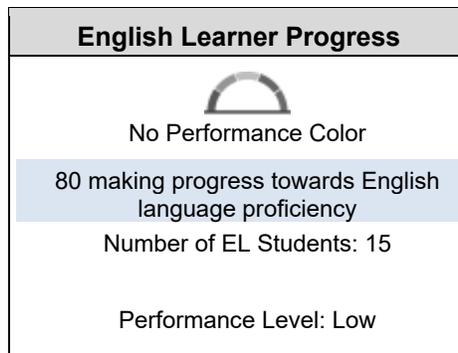

Academic Performance English Learner Progress

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2019 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2019 Fall Dashboard Student English Language Acquisition Results

Conclusions based on this data:

1. With a small total student number in the subgroup, any suspension in the subgroup can dramatically increase subgroup percentages. Specific interventions for this subgroup may need to be addressed.
2. With the suspension of testing in the spring of 2020, there isn't current data to review.

School and Student Performance Data

Academic Performance College/Career Measures Only Report

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

Conclusions based on this data:

1. This baseline data will be compared to future years in the next years School Plan for Student Achievement, because there is no data for 2020 and 2021 we cannot yet compare.
2. We will examine all aspects of College and Career readiness to find the best possible way to assist more of our students in meeting this goal.
3. We hope to expand the number of students that take part in our Middle College Program, our CCAP programs and our dual enrollment programs.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

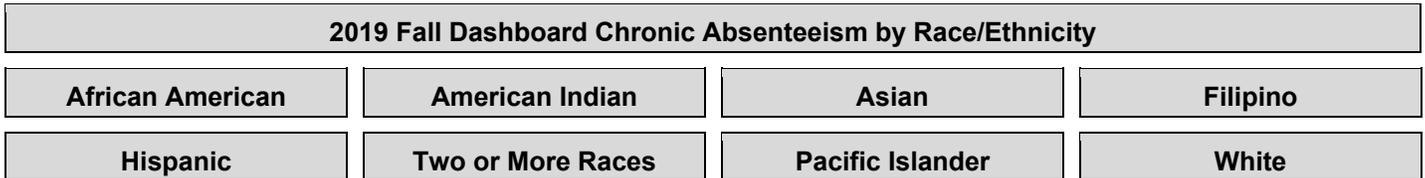

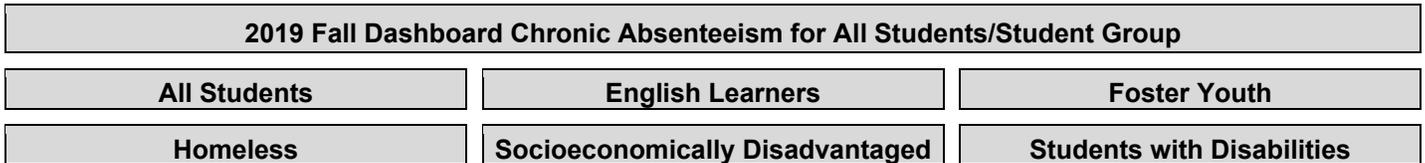

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

Lowest Performance Red Orange Yellow Green Blue Highest Performance

This section provides number of student groups in each color.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

Conclusions based on this data:

1. There is not currently data to draw conclusions based off of.

School and Student Performance Data

Academic Engagement Graduation Rate Additional Report

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

2021 Graduation Rate by Student Group				
Student Group	Number of Students in the Graduation Rate	Number of Graduates	Number of Fifth Year Graduates	Graduation Rate
All Students	164	145	0	88.4
English Learners	10		0	
Foster Youth				
Homeless	5		0	
Socioeconomically Disadvantaged	63	47	0	74.6
Students with Disabilities	20	10	0	50
African American				
American Indian or Alaska Native	1		0	
Asian	4		0	
Filipino	5		0	
Hispanic	32	25	0	78.1
Native Hawaiian or Pacific Islander				
White	113	102	0	90.3
Two or More Races	8		0	

Conclusions based on this data:

1. Our graduation rate was significantly lower than it has previously been. This can be attributed to COVID-19 however, keeping a close eye on this in the next years will be important to ensure that it is not a trend that continues.
2. It is concerning that the populations seemingly most represented in the decrease in graduation rate are Socioeconomically disadvantaged and students with disabilities.

School and Student Performance Data

Conditions & Climate Suspension Rate

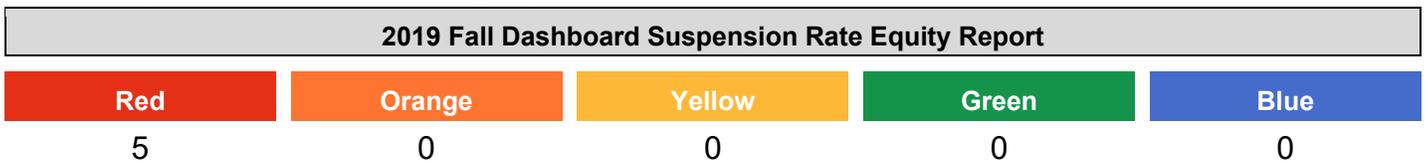

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

This section provides number of student groups in each color.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

 Red 12.3 Increased Significantly +4.2 195	 Red 12.5 Increased +8.9 56	 No Performance Color Less than 11 Students - Data 1	 Red 11.6 Increased Significantly +4.6 722

This section provides a view of the percentage of students who were suspended.

2019 Fall Dashboard Suspension Rate by Year

2017	2018	2019
	7.4	11.8

Conclusions based on this data:

1. The number above represent data snapshots from the entire District. Elevated numbers for the subgroups need investigation.
2. Intervention programs need to be developed and put in place as alternatives to suspension.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Engagement and Achievement

LEA/LCAP Goal

Improve academic achievement and college/career readiness fore all student groups.

Goal 1

Improve academic achievement and college/career readiness for all student groups.

Identified Need

- For the 2020/21 school year, Sonora Union High School District has hired five new teachers. Three teachers hired over the past three years still need to complete induction programs.
- 2020/2021 Smarter Balance assessment data for English Language Arts indicated that 69% of the Juniors tested, performed at the Standard Level (3) or above, and only 9.68% were classified as Standard Not Met.
- 2020/2021 Smarter Balance assessment data for Math indicated that 28% of Juniors tested were performing at the Standard level, 41% were classified as Standard Not Met.
- Students identified as "at risk" or as below grade level in one or more core subjects that had received remediation in order to transition to mainstream classes performed in bottom 20% of their mainstream classes based on grade reports.
- This fall we tested all students using the STAR test in reading and math to identify what students needed intervention to bring them to grade level and to be able to gauge students growth as the year and their high school career progresses. This fall we tested all students using the STAR test to identify what students needed intervention to bring them to grade level and to be able to gauge students growth as the year and their high school career progresses.
- The 2021 passage rate on AP tests with a 3 or greater decreased from 65% to 46%, which can be attributed to distance learning for a portion of the year.
- Teachers need ongoing Professional Development to support skill development necessary to implement the California State Standards and address needs of all students.
- Teachers need ongoing Professional Development to support the implementation of department benchmark assessments and department norms.
- The 2017-2018 District chronic absenteeism rate was 21%. Site level data indicates that this rate moderately increased during the 2020/2021 school year.

Annual Measurable Outcomes

Metric/Indicator

The number of common assessments and benchmarks.

Baseline/Actual Outcome

In the 2016/17 School Year the following departments

Expected Outcome

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The use of classroom paraprofessionals and the offering of Intervention and Math 1 Readiness classes, provides additional support for students the district has identified as at risk, students who are struggling, or students who were identified as under-performing in general. All of the services listed in this goal were funded, implemented and tracked during the 2021/2022 school year.

The ELA Smarter Balanced Achievement level 3 and 4 increase in overall percentage from 63% (in 2016) to 70 % in 2021. In Mathematics the Smarter Balanced Achievement level 3 and 4 decreased from 31% (in 2016) to 27%. These percentage changes were not what we had expected, however we also didn't anticipate COVID-19. Expectations were that we would see more gains in these areas, as they had been done in the past. It is assumed that more time and more professional development for staff may be needed to continue the upward trend in these categories.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budgeted Expenditures and Estimated Actual Expenditures in each action were only minor adjustments based on personnel salary schedule adjustments made during the 2020/2021 school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The District did not make significant changes to the actions under Goal 1 during the 2020/2021 school year. All proposed actions were implemented as planned. We did however for the 2021/2022 school year, modify the goal to represent this: Improve academic achievement and college/career readiness fore all student groups instead of the broader increase student performance by accessing curricular support in core content areas.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Support

LEA/LCAP Goal

Ensure equitable access for all students to current technology, tools, and instructional strategies to improve educational outcomes.

Goal 2

Ensure equitable access for all students to current technology, tools, and instructional strategies to improve educational outcomes.

Identified Need

- 100% of teachers on campus maintain an online presence while 75% of parents and students have created an account on our School Information System, Aeries, that allows them to access and monitor grades.
- Google Apps for Education indicated that 99% of active accounts are regularly used.
- Wireless coverage on campus covers 100% of the current learning environments.
- Network and Internet speed tests indicate great switching and routing speeds on the South end of Sonora High School campus.
- 25% of classes utilize digital and hybrid supplemental texts for instruction.
- Many departments and sites are using textbooks adopted 10 years ago or more.
- Student and parent surveys indicated that students identified as at-risk (based on income, language designation, and achievement levels) feel less proficient with contemporary learning tools.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Percentage of teachers using online presence for their classroom including google apps (or other LMS) and/or website	The percentage of teachers using online presence for their classroom including google apps (or other Learning Management Systems) and/or a website was 80%.	<ul style="list-style-type: none"> • Teacher online presence will increase by 10%. • Regular use of the Google Apps for Education accounts will increase by 10%.
Ratio of students to computer/chromebooks	The ratio of students to computer/chromebooks at the SHS campus was 2:1.	The ratio of students to computers/chromebooks will increase at Sonora High School and maintain at 1:1 at

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	As of the 2020/2021 school year, students all were issued a chromebook that they used both at school and home.	district alternative education sites.
Percentage of classes using textbooks/curriculum adopted over 10 years ago	The percentage of classes using textbooks/curriculum adopted over 10 years ago was 30%.	The percentage of classes using textbooks/curriculum adopted over 10 years ago will decrease by 10%

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The actions/services described in this goal were a continuation of services planned for the past 5 years. Outcomes of this goal were consistent with the plan described last year with the exception of the purchase of Chromebooks and the expansion/expense of online learning options.

Students continued to have more access to more technology throughout the school day. Access was expanded to meet the needs of all students and staff users within the entire district. The District saw gains in the overall number of users, and the amount of users consistently connecting and the variety of ways that teachers are communicating with the students and parents.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Minor material differences are expressed in the above goal review.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The District made no substantive changes to the actions under Goal 2 during the 2020/2021 school year with the exception of adding actions 4-6 . All proposed actions were implemented as planned.

During the 2021/2022 school year, the LCAP and subsequently the SPSA goals were revised from the following: Develop the District's learning environments to provide equitable access to contemporary strategies, tools, and technologies. To a more inclusive:
Ensure equitable access for all students to current technology, tools, and instructional strategies to improve educational outcomes.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Safe, Positive, and Productive School

LEA/LCAP Goal

Develop a safe, positive culture where all stakeholders receive social emotional support; are engaged; and feel safe, heard, and respected.

Goal 3

Develop a safe, positive culture where all stakeholders receive social emotional support; are engaged; and feel safe, heard, and respected.

Identified Need

- Academic counseling services were staffed at 2 full time counseling positions (plus the Learning Director position) at Sonora High School.
- For the 2021/2022 school year, a school site therapist was hired to address the increase in students social emotional health needs.
- An at risk counselor, titled as the Learning Director, was maintained at Sonora High School, expanding counseling services during the 2016/2017 school year. During the 2020/2021 school year approximately 120 students were served as a result of the Learning Director.
- The Sonora High School graduation rate declined from the 2015/2016 school year, typically where graduation rates are hovering around 97-98% the 2020/2021 school year saw a significantly lower graduation rate, with the rate around 89%. This is attributed to the effects of COVID-19.
- 48% of twelfth grade students filled out a scholarship application through the Sonora High School Counseling Department.
- Sonora High School identified approximately 20% of students enrolled as "at-risk" based on test scores, discipline data, attendance data, and program enrollment.
- School safety was rated as a "High" priority by a majority of stakeholders in the District based on feedback from stakeholder meetings.
- Character education that promotes personal wellness, contribution to society, and a sense of school pride continued to be rated as "important" by staff and students.
- Student participation in extracurricular activities remained consistent during the 2020/2021 school year when compared to the 2016/2017 school year.
- Approximately 34% of Sonora High School students participated in extra-curricular activities.
- 98% of parent and staff respondents indicated they appreciated greater electronic school communication.
- On the Sonora High Campus, the video surveillance camera system was upgraded for \$175,000.
- Stakeholder input indicated that students and parents needed a greater voice and a place to contribute to the school culture.
- Participation at monthly stakeholder meetings were represented by less than 3% of the stakeholder population. Stakeholder input and surveys indicated desire for more parent involvement.

- The Sonora High School Counseling Staff met with the Elementary Schools in our Districts to work with incoming parents and students and to discuss current articulations with the goal of improving the transition between the 8th grade year and freshmen year in high school.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Site subgroup graduation rate	<p>During the 2017/18 school year, the site graduation rate was 96.7%, (an increase of 3.8%) Students with Disabilities graduation rate was 74.1% (an increase of 7.4%)</p> <p>At the end of the 2020/2021 school year the graduation rate was 89%, which is a significant decrease from the 2017/2018 school year. It is believed that COVID-19 is the cause of this decline. We anticipate that the graduation rate will return to what we typically expect.</p>	District student graduation rate for each subgroup will continue to increase.
Site retention rate	<p>During the 2017/18 school year the Site retention of students dropped from 1070 to 969, a decrease of 9.6%</p> <p>During the 2020/2021 school year the cbeds numbers were 901, which is a drop from the 2017/2018 year. Because independent study is required to be provided for any students that request, we have seen an increase in the number of students opting to go to the districts independent high school, Ted Bird Independent High School.</p>	Site and Site retention rate will increase by 3%.
Site suspension rate	<p>During the 2017/18 school year the site suspension rate was 8.1% (a decline of 10.8%)</p> <p>Because of distance/hybrid learning for a significant portion of the 2020/2021 school year,</p>	The student suspension rate will decrease by 3%.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	there is not comparable data for this metrics.	
Site expulsion rate	<p>During the 2016/17 school year the site expulsion rate was 0.5%</p> <p>Because of distance/hybrid learning for a significant portion of the 2020/2021 school year, there is not comparable data for this metrics.</p>	The student expulsion rate will decrease by 3%
Extra-curricular/Co-curricular participation rate	<p>During the 2017/18 school year the extracurricular participation rate was 35% of the student population.</p> <p>Extra curricular participation for the 2020/2021 school year was impacted due to COVID and a modified season/schedule that was offered. We have seen this year (2021/2022) we have seen a return to the normal number of students participating.</p>	The percentage of students participating in extra curricular activities will increase by 2%.
Perception of Safety	<p>In the 2016/17 school year the perception of safety from students, staff and parents was consistent with previous years sampling. 82% reported feeling safe or very safe at school.</p> <p>The 2021 California Healthy Kids Survey results indicated that 63% of 9th graders and 66% of 11th graders perceived school as very safe or safe.</p>	The perception of safety in the District will increase by 5% on student, staff, and parent surveys.
Parent participation at meetings	<p>In the 2016/17 school year the parents participation on at site meetings was consistent with previous years at 1.2%</p> <p>Because of COVID-19 there was not as many opportunities</p>	Parent participation on surveys will increase by 10%.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	to have in person on site meetings with parents.	

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Provide academic counseling services for student support.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
174031	LCFF - Base 1000-1999: Certificated Personnel Salaries Sonora High School Counseling Staff Salaries
53643	LCFF - Base 3000-3999: Employee Benefits Sonora High School Counseling Staff Benefits

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Students meeting the criteria for Title I services, students identified as "at-risk"

Strategy/Activity

Provide specialized academic counseling services for students identified as "at-risk" at the Sonora High School campus through the position of Learning Director.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The actions described above were implemented to address the student, staff and school community culture of all schools within the District. Significant progress was made at all District sites as indicated on parent, staff, and stakeholder surveys. All actions were implemented in a similar fashion to the previous year's LCAP actions. All services were funded, implemented and tracked during the 2020/2021 school year.

Through the implementation of the actions described above, the District recorded sustained movement in the development of the District culture as outlined in Goal 3. Students, staff, and parents continue to report that, on the whole, they feel Sonora Union High School District is a safe place where all stakeholders feel they can be heard and are respected. The continued offering of Counseling Services at all District sites as well as the continued implementation of the District Learning Director helped the District to continue to attend to the learning needs and social emotional needs of all District students. Communication with stakeholders improved and parent access and interactions were maintained and/or improved during the school year. The re-introduction of the Assistant Principal of Student Services at Sonora High School proved to be very beneficial according to stakeholder feedback and the number of discipline incidents and tracked student intervention incidents.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Minor material differences are expressed in the above goal review.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The District made no substantive changes to the actions under Goal 3 during the 2020/2021 school year. All proposed actions were implemented as planned.

During the 2021/2022 school year the LCAP goals changed from the previous goal of: Develop a positive and safe culture at District sites where all stakeholders feel safe as well as heard and respected. To the revised goal of: Develop a safe, positive culture where all stakeholders receive social emotional support; are engaged; and feel safe, heard, and respected.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$347029
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$1,663,435.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Comprehensive Support and Improvement (CSI)	\$0.00
Title I	\$133,710.00

Subtotal of additional federal funds included for this school: \$133,710.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF - Base	\$1,088,121.00
LCFF - Supplemental	\$432,505.00
Lottery: Instructional Materials	\$9,099.00
Other	\$0.00

Subtotal of state or local funds included for this school: \$1,529,725.00

Total of federal, state, and/or local funds for this school: \$1,663,435.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
-----------------------	---------------	----------------

Expenditures by Funding Source

Goal Number	Total Expenditures
Goal 1	353,524.00
Goal 2	569,715.00
Goal 3	740,196.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 2 Secondary Students

Name of Members	Role
Karen Sells	Principal
Liz Gaiser	Other School Staff
Karen Aldridge	Classroom Teacher
Carol Smith	Classroom Teacher
Carrie Schmidt	Parent or Community Member
Catherine DeGrazio	Parent or Community Member
David Wheeler	Parent or Community Member
Bryce Nicolson	Secondary Student
Gracie Bearden	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on February 15, 2022.

Attested:

Principal, Karen Sells on February 15, 2022

SSC Chairperson, Carol Smith on February 15, 2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Stakeholder Involvement](#)

[Goals, Strategies, & Proposed Expenditures](#)

[Planned Strategies/Activities](#)

[Annual Review and Update](#)

[Budget Summary](#)

[Appendix A: Plan Requirements for Title I Schoolwide Programs](#)

[Appendix B: Plan Requirements for Schools to Meet Federal School Improvement Planning Requirements](#)

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
